

NEC / C751Q

75" 4K 3840 x 2160 LED Display 24/7

With industry leading experience in superior design and customer focus, the 75" NEC C751Q allows for clear, detailed imagery for unobtrusive digital signage. New contemporary and slim mechanical design with focused aesthetics allows for the smooth and stylistic integration into any type of environment while the full metal chassis coupled with real-time temperature sensors and integrated cooling fans maintain the professional quality necessary for commercial environments. With a wide range of the latest connectivity interfaces including HDMI 2.0 x3 and DisplayPort 1.2 x2/daisy chain option, these displays offer the future-proofing necessary for the investment. These displays also include expandability options such as the Open Pluggable Specification (OPS) and Raspberry Pi Compute Module slots for source integration directly into the display. The C751Q series boasts a 350 cd/m² brightness along with a new anti-glare surface that allows for efficient readability when ambient light is present and is ideal for 24/7 signage in Retail environments as well as when used for presentation purposes in Corporate or Educational institutions.

- Stylish and sleek design allows for easy and unobtrusive integration into any environment
- 350 cd/m² brightness combined with UHD resolution and new anti-reflective screen surface will capture the attention of the audience while allowing for clear visibility in higher ambient light conditions
- Future proof modular expansion options including the ability to integrate Open Pluggable Specification (OPS) or a Raspberry Pi Compute Modules seamlessly into the display
- SpectraView Engine allows for complete color, intensity, gamma or uniformity control for the ultimate imaging performance
- Integrated Media Player allows for audio, video or image playback via USB or SD card
- Industrial-strength, premium-grade panel with additional thermal protection, internal temperature sensors with self-diagnostics and fan-based technology, allows for hassle-free 24/7 operation
- Full 3 year commercial warranty to allow for peace of mind and protection of this investment
- Pair with a WMK-3255S wall mount to meet ADA Compliance requirements for a thin depth signage solution

NEC / C751Q

75" 4K 3840 x 2160 LED Display 24/7

GENERAL INFORMATION

Manufacturer Part Number	C751Q
Manufacturer Website Address	http://www.necdisplay.com
Brand Name	NEC Display
Product Line	MultiSync
Product Series	C
Product Model	C751Q
Product Name	75" Ultra High Definition Commercial Display
Product Type	Digital Signage Display

TECHNICAL INFORMATION

Bezel Width	0.58" Top/Bottom/Left/Right
Video Wall Compatible	Yes

DISPLAY & GRAPHICS

Screen Size	75"
Display Screen Type	LCD
Display Resolution	3840 x 2160
Pixel Pitch	16.9 mil
Backlight Technology	Edge LED

VIDEO

Scan Format	2160p
Brightness	350 Nit
Color Gamut	72% NTSC

NETWORK & COMMUNICATION

Ethernet	Yes
-----------------	-----

INTERFACES/PORTS

USB	Yes
HDMI	Yes
Serial	Yes
Number of HDMI Inputs	3
Number of DisplayPorts	3

POWER DESCRIPTION

Input Voltage	120 V AC
----------------------	----------

230 V AC

MISCELLANEOUS

Package 75" Ultra High Definition Commercial Display Power Cord 2.0m DisplayPort Cable 2.0m HDMI Cable Wireless Remote Control
Contents Batteries CD-ROM Setup anual Clamps Screws SD Card Cover Eyebolt Bracket Setup Manual CD (Software & Documentation)

WARRANTY

Limited 3 Year
Warranty
