

Ultra narrow bezel desktop displays
designed for everyday business use

NEC MultiSync® Series Narrow Bezel

Ultra Narrow 22" | 24"

Tiny bezels, large value.

NEC's ultra narrow bezel MultiSync E Series deliver all of the business-class features needed with none of the bezels. The MultiSync E221N and E241N include future-proof connectivity and environmentally friendly benefits in a package with ultra narrow bezels and a slim design.

E Series Desktops

22"	E221N
24"	E241N

Highlights

- Small bezels on all four sides (1.0mm each)
- Touch on screen menu controls easy navigation, making display adjustments easier than ever
- 4 way ergonomic stand includes pivot in both directions
- TuV Certified for Flicker Free and Low Blue Light

MultiSync E Series Ultra Narrow Features

Ultra Thin Design

The MultiSync E Series Ultra Narrow displays feature some of the industry's smallest bezels at 1.0mm on each side. In addition, the slim cabinet is only 43.2mm from the front of the panel to the VESA mounting plate and the panel portion of the monitor is a thin 18.1mm.

Comprehensive Input Panel

DisplayPort, HDMI, and 15-pin VGA connect you to the latest peripherals and future-proofs your investment.

Adjustable for Every Workspace

Four-way ergonomic stand boasts dual direction pivot, tilt, swivel and height adjustment up to 110mm to maximize your viewing comfort.

IT-Friendly Features

The optional NaViSet™ Administrator 2.0 software offers an intuitive graphical interface, allowing for easy adjustment of display settings via mouse and keyboard. NaViSet Administrator provides all the advanced control to remotely located IT professionals.

The included thin / zero client mount makes installing a thin client easy. The 100mm VESA mount is designed to fit most thin clients on the market.
